

Wall mounted emergency luminaires with SmartScan wireless technology

LED emergency luminaires for wall mounting with SmartScan wireless communication. Superb optical performance means fewer luminaires are required. Three hour, non-maintained emergency operation.

Applications: stairwells and corridors.

- Ideal for use in stairwell or corridor applications
- Three hour, non-maintained emergency operation
- Low power consumption (2 W total)
- Status indicator shows operational condition
- Simple to install, full status reporting SmartScan wireless communication versions
