

LED controller luminaires with asymmetric light distribution

Cornice mounted LED controller luminaires with 45 degree asymmetric beam distribution. BESA fixings are located at 600 mm centres with multiple cable entries to enable retrofitting without the need to modify the luminaire.

Applications: hospitals and healthcare buildings, schools, social housing and residential.

- Assymmetric beam distribution, ideal for cornice mounting
- Fire-retardant external plastic parts
- Designed to exclude dust, dirt and flies
- SmartScan wireless technology removes the need for control cabling. Ideal for retro-fit.
