

Reflector luminaires for industrial applications

Extremely high efficiency, long life, LED luminaires ideal for industrial type applications. Narrow version for racking applications with light control to higher rack positions, and broad version for general area lighting. Superior distribution allows for greater spacing resulting in fewer, lower wattage versions than comparable T5 solution.

Applications: retail and distribution storage areas, factory areas including assembly areas / workshops, data centres.

- High quality control gear and LEDs designed to achieve 100,000 hour life expectancy
- SmartScan wireless technology removes the need for control cabling. Ideal for retro-fit
